

## FLIR Systems - The World's Sixth Sense

FLIR Systems, Inc. designs, develops, manufactures, markets, and distributes technologies that enhance perception and awareness. We bring innovative sensing solutions into daily life through our thermal imaging systems, visible-light imaging systems, locator systems, measurement and diagnostic systems, and advanced threat detection systems. Our products improve the way people interact with the world around them, enhance public safety and well-being, increase energy efficiency, and enable healthy and entertained communities.

### Compact Thermal Imaging System

Part# FLIR C3 (with wi-fi) **\$699.00**  
 Part# FLIR C2 **\$499.00**

The FLIR C2 and C3 are the world's first full-featured, pocket-sized thermal camera designed for a wide range of building and electrical/mechanical applications. Keep it on you so you're ready anytime to find hidden hotspots, energy waste, structural defects, plumbing clogs, HVAC issues, and other problems. FLIR C2 and C3 makes it more affordable than ever to add the powerful advantage of thermal imaging.
